Easy Tech.

Easier, Better, Faster

It takes simple solutions to turn ideas into reality. Technical quality and precision that everyone can afford.

Meler engineering.

At Meler we focus on every detail. Our specialised staff ensure that every single component functions correctly and delivers the highest quality.

We find solutions where others have long since given up, and always do our best to find the best for you.

Technical characteristics

- ✕ Applying 500 labels per hour*
- ✕ Complete unit with work table. **Fully electric** (no compressed air required)
- ✕ Commissioning by **plug and play**
- ✕ **Simple operation**

Process application

Application of adhesive dots on the tax stamp.

Tax adhesive application.

Packaging application.

SEMI-AUTOMATIC APPLICATION OF TAX STAMPS FOR E-LIQUIDS

Our Meler Plug & Play electric system makes your work much easier.

IKARUS STATION

1. STARBI CONTROLLER

EASY TO USE RELEASE TIMER

- Time setting for different adhesive dot sizes
- Easy adjustment of the adhesive
- Application pattern to different formats and materials

2. B4 MELTER

SAVE TIME WITH THE PLUG&PLAY B4 MELTER

- Tank capacity: 4 Litre
- Gear pump 2cc
- Maximum melting rate: 6 kg/h
- Maximum temperature: 200°C

3. ARION ESSENTIAL

ARION ESSENTIAL

- Process automation
- Improves operational performance
- Adaptation to all systems
- Increases the quality of your results

4. RAPTOR INFINITY

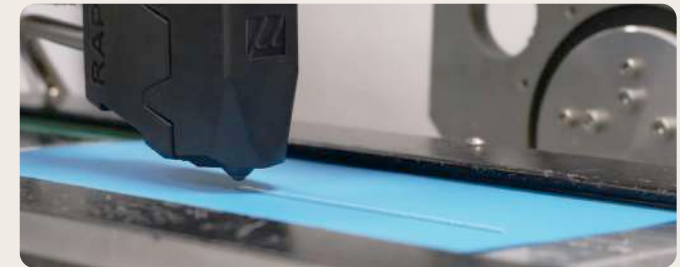

EASY, FAST AND PRECISE APPLICATION

Performance and lower adhesive consumption. Place precise dots at breath-taking speed with Raptor Infinity.

- **Heating element:** 230 VAC / 50 - 60 Hz
- **Min. spot time:** 3.5 ms
- **Max. pressure:** 80 bar
- **Max. Frequency:** 150 Hz (average for continuous use)
- **Useful life:** 500 million cycles*
- **Protection class:** IP41 (IP54 optional)
- **Operating voltage (control):** 24 VDC ±5 %, 19.2 W max.

LOGICAL SIMPLICITY TECHNOLOGY
